To whom it may concern,

The Curaçao Tourist Board notes that Vindan & Partners has held discussions with the senior management of the CTH concerning the new product MiniCards and that as a result of these discussions, and the CTB's own knowledge of the use of MiniCards in Holland's major cities, it applauds this attractive advertising opportunity.

Mrs. Ruth de Windt, and her company Vindan & Partners, are long established members of our local hospitality community and we congratulate them on this new marketing initiative.

James R. Heppie
Executive Director.
