To Whom it May Concern

As the President of the Hungarian Clefs d'Or section and the Chief Concierge of the Corinthia Grand Hotel Royal I really recommend the MINICARDS.

Using the MINICARDS is a big help for all Concierge Departments , because the main task of the Concierge is to look after the hotel guests , fulfilling their requests, giving them information about the city and country.

I should recommend to all Concierge and Reception staff to use the advantage of the MINICARDS in their every day work.

Your sincerely,

Tamas Ungar  
Chief Concierge
