To whom it may concern

Re: Minicards

November 2006

Dear Madam, Sir,

The initiative taken to launch Minicards in the province of Zeeland was warmly welcomed by VVV Zuid Beveland and Tholen.

For over six years now Minicards have proved to be valuable owing to the fact that the participating companies are conveniently presented on a very compact card. Even on such a popular format it is possible for any company to be present where an entire brochure presentation would not work. The prompt discount allowed on admission fees or purchases triggers the tourist especially to make use of whatever the region offers.

The Tourist Offices and brochure outlets of the Region Zuid Beveland and Tholen will also contribute to the distribution of Minicards to those companies that are associated with us.

Yours sincerely,

Lilian Ausems
Director Regio VVV Zuid Beveland en Tholen.
